A Superb Showing of Fine White Goods This Week

June was undoubtedly a cooler month this year than in 1901, particularly so further north. Consequently, the demands upon the big retailers there were correspondingly lighter than last year, and in turn their orders to the mills were much less.

The mill folks couldn't tell, though, early in the season when they began to make up their stocks, just what June weather would be, and they made up their usual quota and got overstocked.

This over-production naturally broke prices, and the consumer now gets the benefit of the break.

First of all, there's the sheer and dainty India Linens, that usually sell for 17c, we've priced down to 12½c. They are 40 inches wide and of a fine quality.

Another one that is book fold, very sheer and worth 12½c is now 10c, and a third number, unusually sheer even in 8½c goods, we price at 6½c.

Piques.
Very pretty and very soft in finish, for 17c. They have a narrow warp wale and the price is unusually low for these goods.

Another narrow warp wale Pique is 29 inches wide, for 12½c.

A straight wale, in a medium width and weight, is 10c.

It's better for us this time in the season to sacrifice a little on the price of these Piques than to run the risk of holding many of them over—hence these prices.

Madras.
Three items only to-day—but money savers.

12½c Madras for 8½c.

Another narrow warp wale Pique is 29 inches wide, for 12½c.

A light weight Striped Madras, 36 inches wide, for 10c, and a narrow stripe with an Oxford effect, for 17c.

Some Wash Goods at Manufacturers' Prices.
10c Lawns for 5½c.
12½c Batiste for 7c.
15c Dimities for 10c.
25c Dotted Swiss for 17c.
39c Paris Novelty for 21c.
50c Silk Gingham for 25c.

Fancy Tuckings at Reduced Prices.
(White Goods Department.)

Possibly you've read of Tuckings lower priced than these, of equal values. We doubt whether you've ever seen any.

Lawn Tucking that was 65c, now 50c.

Has five rows of lace inserting.

French Reversing, was \$1.25, now 75c.

It's 45 inches wide, white with black figures.

India Linen Tucking, was \$1.39, now 75c.

It has six rows of lace.

Linen Tucking and Sheering, was \$1.50, now \$1.00.

Very fine quality.

Why have we reduced prices? Simply because mid-summer is fast approaching—the goods had better be in your hands than ours.

The Summer Underwear Sale for the Second Week of July.

The cost of much of this underwear won't cut any figure in making up the prices for to-morrow. Some of it has been soiled and rumpled, and it's going out if special inducements will help it any.

There's not a piece of it but what we stand sponsor for in material and finish at the original figures we put on it. If it was worth the first price we asked for it, you'll readily see what exceptional values you're getting at the present figures. All it needs is the laundry.

Corset Covers.
Made of fine cambric, in French style, with a cluster of tucks in front and Point de Paris insertion; special price 50c.

Corset Covers of fine cambric, in French style. The front is of embroidered insertion and the neck and arms trimmed with embroidery to match—75c.

Corset Covers of cambric, with a tucked front, in French style, and trimmed with Val. lace—25c.

Ladies' Drawers, of cambric, with cambric ruffle hemmed with torchon lace—25c.

Long Skirts, of cambric, with tucked cambric ruffle trimmed with torchon lace. This skirt has a dust ruffle of cambric—50c.

Gowns.

Gowns of muslin, with tucked yoke and insertion, finished with cambric ruffle at yoke and sleeves—50c.

Chemise Gowns, of cambric, tucked yoke with torchon insertion, neck and sleeves trimmed with torchon lace—75c.

Some of the New Shirt Waist Suits.

They comprise Black Lawns, White Lawns and Colored Lawns. All good values, especially some at \$2.98 that we bought underprice a few days ago in New York.

If we'd purchased them two months ago, in the beginning of the manufacturers' season, our selling price would have been at least \$4.00.

Some of the white ones at this price are made in the Gibson style, and others have both waist and skirt embroidered.

A very dressy Linen Colored Lawn Suit is \$4.48. The waist is tucked and trimmed with white braid and the skirt is seam strapped with white braid and has a box pleated flounce.

One of the Black and White Suits is a fine quality corded madras for \$5.00. The waist of this suit is plain, but the skirt is flared and has bias bands.

Bathing Suits at Popular Prices

Mohair is one of the most popular and one of the best fabrics for a Bathing Suit that you can use. If you don't want the trouble of making one yourself or having it made, we can fit you nicely in a Black Mohair for \$1.98.

The suit is made with a sailor collar trimmed in white braid.

Another Mohair, either in black or navy, made with a white vest and sailor collar, elaborately trimmed with black braid, is \$3.50.

All-wool flannel or black and blue Siciian wear well and look well in a bathing suit.

One suit we have for \$2.98, in either flannel or Siciian, is made with large solid white sailor collar.

Choice of All-Wool Flannel or Faded Siciian, in black or blue, low cut front, braid trimmed, for \$3.98.

Fine Black Mercerized Cloth Suits, with star collar made of fine white satin, trimmed in black and white Soutache braid; skirt also trimmed in braid—\$4.25.

Mohairs for Bathing Suits.

We believe Mohair to be one of the best fabrics made for bathing suits. If we didn't we wouldn't have purchased as many ready-made suits as we did; but there's a good many people like to make their own bathing suits—like to add little touches, etc., that they don't find on the ready-made garments.

You'll not find anything better nor lower priced in Richmond than these Mohairs for this purpose.

36 inches wide, in navy blue, brown, coral and black, 29c yard.

38 inches wide, in gray, tan, brown, navy and black, 50c yard.

44 inches wide, in navy blue and black, 59c yard.

44 inches wide and very lustrous, in navy and black, 75c yard.

Ladies' White Aprons at 25c

Special sale begins Monday morning of a lot of White Lawn Aprons. They're made full size, with a deep hem and tucks—25c.

Matting Remnants Low Priced.

Our Matting sales were unusually large last week, due to the fact that every piece was reduced in price nearly one-half if any part of the original roll was missing. Where you need anything less than a full piece you can save considerably by purchasing here, as the original price was very low anyway.

30c and 35c Mattings, 20c.

28c Mattings, 16½c.

18c Mattings, 11½c.

Good Trunks at Moderate Prices.

It's an age of travelling, and especially so in the Summer Season, when many people practically live in their trunks.

It's close quarters at best, but when the trunk's a poor one the pleasure of the trip vanishes. Here's a few that will make traveling a pleasure.

Extra strong Traveling Trunk, heavy brass trimmings, iron bound, excessive lock, a \$6.00 value for \$5.00.

Heavy Canvas Covered Trunks, very strong and durable, with steel trimmings, special price, \$3.50.

Good Canvas Trunks, steel trimmings and iron bound, \$1.98.

Canvas Covered Packing Trunks, with two good locks, each, \$1.00.

Society Folk Off For Summer Resorts.

Instead of novels, the lady contingent of the ocean voyage are twelve to one reading books relating to bridge whist. While idling upon the deck of an ocean steamship the other day, several prominent Americans and two English baronets fell to discussing the merits of the fascinating game. This week's Harper's says: "The most interesting point, however, was reached when Sir. Edward Colclough wondered whether it was quite patriotic for Americans to divulge their famous national game. 'Meaning draw poker!' ejaculated Mr. Morgan. 'That is not a game characteristic of the American people. It never was. It never will be. It's a bad game. It is based upon a lie. The man who has the greatest capacity for deceit wins. To become a strong player he studies to develop the most ignoble and most un-American faculty. The effect upon boys is to make them think deceit and bluff are 'smart' and essential to success in work as well as in play. It is an iniquitous game and ought to be abolished. Nothing could be more forerunning to our own ideas. The man who labelled it our typical national game ought to be shot. I never hear it referred to by that term without wanting to shoot him.' This ended the argument."

Chicago, which is always ahead of times and in the latest idea, introduced one last month which by the smart set could not have been admired, although done by their inner circle. It was no less a thing than a golf tournament. The man who labelled it our typical national game ought to be shot. I never hear it referred to by that term without wanting to shoot him. This ended the argument."
